OTRAS INFORMACIONES

- After careful consideration of the current situation, in response to COVID-19 pandemic and the impossibility of organizing upcoming social events soon, the organisers of the 41st annual International scientific conference HYGIENA ALIMENTORUM have decided to announce that the conference will be rescheduled to next year.

Please see the attached file for more details and the conference website: click [here](#); [Here](#)

Already registered participations will be informed about further steps by email, including information regarding already paid participation fees.

The conference organizers look forward to seeing you at this conference on the new date, May 19 - 21, 2021 in Hotel Patria **** Štrbske Pleso in the High Tatras, Slovakia.

If you have any questions, please do not hesitate to contact at: hygiene.alimentorum@uvlf.sk

-

- ⇒ **Materials, Methods & Technologies**, 22nd International Conference (29 August-1 September) [Read more](#)

The papers presented will be published in open-access journals, part of [International Scientific Publications](#).

With COVID-19 (Coronavirus) now present in a number of countries, we have to be mindful that some of our very valued community may be facing difficulties travelling around the world. Therefore, we have taken the decision to allow the participants to change their presentation type (oral, poster, or online) up to 20 days before the actual conference date. Online participants can present oral presentations and posters; they will receive all printed materials (program, certificate, etc.) from the event and their papers will be published as usual. There is no limitation in the number of presentation type changes allowed.
